About Hong Kong Metropolitan University

香港都會大學簡介

Hong Kong Metropolitan University (HKMU, formerly known as The Open University of Hong Kong) was established by the Hong Kong Government in 1989. Over the years, HKMU has grown into the vibrant, all-round, comprehensive university it is today, with education, research and serving society its three core strands.

HKMU began offering full-time face-to-face degree programmes in 2003 and has joined the Joint University Programmes Admissions System (JUPAS) for admitting full-time undergraduate students since 2007. The University was retitled Hong Kong Metropolitan University on 1 September 2021 to reflect its status as a young, dynamic and full-fledged university. On 21 March 2024, HKMU was approved by the Education Bureau to become the first University of Applied Sciences (UAS) in Hong Kong.

Today, HKMU has evolved into a unique university in Hong Kong that offers two modes of study: full-time and part-time. The University's seven Schools, namely Arts and Social Sciences, Lee Shau Kee School of Business and Administration, Education and Languages, Nursing and Health Sciences, Science and Technology as well as the Li Ka Shing School of Professional and Continuing Education (LiPACE) and School of Open Learning, offer programmes that lead to Sub-degrees, Bachelor's Degrees, Master's Degrees and Doctoral degrees. The programmes cover a wide variety of disciplines including arts, humanities, languages, social sciences, business administration, nursing, health care, science and technology.

HKMU provides students with the opportunity to acquire industry knowledge, develop new skills, and explore fascinating fields. It offers a wide variety of face-to-face Postgraduate programmes that track market trends and meet industry needs, such as creative writing, cultural and heritage tourism, social sciences, professional management, corporate governance, language education, nursing, smart aging and gerontology, environmental studies and medical laboratory science. Most of which are applied in nature and strongly connected to business and industry associations and professional bodies.

Qualifications awarded by HKMU are on par with those offered by other government-established universities in Hong Kong and are fully recognised by the Hong Kong SAR Government, educational institutions, professional associations, accreditation bodies and employers in Hong Kong and overseas.

Recognition of HKMU awards

HKMU awards are well recognized locally and internationally. All of our taught programmes, whether they are conducted through face-to-face or distance learning study mode, are listed on the Qualifications Register (QR) under the Hong Kong Qualifications Framework (HKQF) introduced by the Education Bureau (EDB) of the Government of the Hong Kong Special Administrative Region (HKSAR).

Our Bachelor's and Master's Degrees are designated at QF Levels 5 and 6 respectively. According to a comparability study conducted by the EDB, the Bachelor's and Master's Degrees awarded by universities in Hong Kong are found to be comparable to those under the European Qualifications Framework (EQF).

香港都會大學學歷的認受性

香港都會大學頒授的學位在本地和國際上均獲廣泛認可。大學開辦的授課式課程，無論是透過面授或遙距模式學習，均獲香港教育局轄下資歷架構的認可，並載列於資歷名冊上。

本校提供的學士及碩士學位課程分別達到香港資歷架構的第五及第六級別。根據香港教育局進行的資歷架構比較研究，本地大學頒授的學士及碩士學位資歷，皆與歐洲資歷架構下的學士及碩士學位資歷相當。

The level-to-level relationship means that qualifications recognised under the HKQF can be situated at a comparable level of the EQF and vice versa. It provides a useful reference for understanding the level of qualifications between Hong Kong and European countries whose National Qualifications Frameworks (NQFs) are referenced to the EQF.

級別比較結果清晰顯示，香港的認可資歷可連繫至歐洲資歷架構的相應級別，反之亦然。研究結果有助了解香港和已連繫至歐洲資歷架構的各國資歷的之間的級別對比。
