About Hong Kong Metropolitan University
香港都會大學簡介

Hong Kong Metropolitan University (HKMU, formerly known as The Open University of Hong Kong) was established by the Hong Kong Government in 1989. Over the years, HKMU has grown into the vibrant, all-round, and comprehensive university it is today, with education, research and serving society its three core strands.

HKMU began offering full-time face-to-face degree programmes in 2003 and has joined the Joint University Programmes Admissions System (JUPAS) for admitting full-time undergraduate students since 2007. The University was retitled Hong Kong Metropolitan University on 1 September 2021 to reflect its status as a young, dynamic and full-fledged university. On 21 March 2024, HKMU was approved by the Education Bureau to become the first University of Applied Sciences (UAS) in Hong Kong. In June 2025, HKMU also made its debut in the QS World University Rankings 2026, achieving a place in the 781–790 band among approximately 1,500 universities worldwide and was ranked 393 in Asia. This marked a first for Hong Kong's self-financing institutions and UAS.

Today, HKMU has evolved into a unique university in Hong Kong that offers two modes of study: full-time and part-time. The University's seven Schools, namely Wu Jieh Yee School of Arts and Social Sciences, Lee Shau Kee School of Business and Administration, School of Education and Languages, School of Nursing and Health Sciences, School of Science and Technology as well as the Li Ka Shing School of Professional and Continuing Education (LiPACE) and School of Open Learning, offer programmes that lead to Sub-degrees, Bachelor's, Master's and Doctoral degrees. The programmes cover a wide variety of disciplines including arts, humanities, languages, social sciences, business administration, nursing, health care, science and technology.

HKMU provides students with opportunities to acquire industry knowledge, develop new skills, and explore fascinating fields. It offers a wide variety of face-to-face Postgraduate programmes that track market trends and meet industry needs. Most of these programmes are applied in nature and strongly connected to business and industry associations as well as professional bodies.

Qualifications awarded by HKMU are on par with those offered by other government-established universities in Hong Kong and are fully recognised by the Hong Kong SAR Government, educational institutions, professional associations, accreditation bodies and employers in Hong Kong and overseas.

Recognition of HKMU awards

HKMU awards are well recognised locally and internationally. For details regarding the Hong Kong Qualification Framework (HKQF) recognition of our programmes, please visit the Qualifications Register (QR) website. According to a comparability study conducted by the Education Bureau (EDB), the Bachelor's and Master's Degrees awarded by universities in Hong Kong are found to be comparable to those under the European Qualifications Framework (EQF).

香港都會大學學歷的認受性

香港都會大學頒授的學位在本地和國際上均獲廣泛認可。有關本校課程在資歷架構下的認可詳情，請瀏覽資歷名冊網站。根據香港教育局進行的資歷架構比較研究，本地大學頒授的學士及碩士學位資歷，皆與歐洲資歷架構下的學士及碩士學位資歷相當。

Comparability Study of the Hong Kong Qualifications Framework (HKQF) and the European Qualifications Framework (EQF)

香港資歷架構與歐洲資歷架構的比較研究

The Education Bureau of the Hong Kong Special Administrative Region Government and the European Commission completed the Study to establish the comparability of levels of qualifications between HKQF and EQF. The results are as follows:

香港特別行政區政府教育局與歐洲聯盟委員會完成研究，以建立兩地資歷架構的級別對應關係。研究結果如下：

HKQF 香港資歷架構 (Levels and Examples of Qualification Types) (級別及資歷類別例子)	EQF 歐洲資歷架構 (Levels and Qualification Types linked to EQF via NQFs referenced to EQF) (級別及連繫國家資歷及歐洲資歷架構的資歷級別)
7 Doctoral Degree 博士學位	8 Third Cycle degrees (Doctoral Degree) 第三期學位 (博士學位)
6 Master Degree 碩士學位	7 Second Cycle degrees (Master Degree) 第二期學位 (碩士學位)
5 Bachelor Degree 學士學位	6 First Cycle degrees (Bachelor Degree) 第一期學位 (學士學位)
4 Associate Degree / Higher Diploma 副學士學位 / 高級文憑	5 Short Cycle Higher Education 短期高級教育
3 Hong Kong Diploma of Secondary Education 香港中學文憑	4 Upper Secondary General School Leaving Certificates 高級中學教育證書
2 Certificate of Vocational Education 職業教育證書	3 Vocational Education and Training Qualifications 職業教育及訓練資歷
1 Foundation Certificate 基礎證書	2 Lower Secondary Education Certificates 初級中學教育證書
	1 Primary Education Certificates 小學教育證書

The level-to-level relationship means that qualifications recognised under the HKQF can be situated at a comparable level of the EQF and vice versa. It provides a useful reference for understanding the level of qualifications between Hong Kong and European countries whose National Qualifications Frameworks (NQFs) are referenced to the EQF.

級別比較結果清晰顯示，香港的認可資歷可連繫至歐洲資歷架構的相應級別，反之亦然。研究結果有助了解香港和已連繫至歐洲資歷架構的各國資歷的之間的級別對比。
